## **eCollision Report Field Code Descriptions**

### **Version 1.7**

**Washington State Department of Transportation**

August 20, 2005

#### **Disclaimer**

The contents of this document are current as of the date shown. Efforts are currently underway to re-design the officer and citizen collision report forms. This may result in some existing data fields being revised, or new data fields being added.

Any software that creates an electronic collision record must incorporate the field code descriptions contained in this document in order for that collision record to be accepted by the Washington State Department of Transportation for inclusion into the Collision Location and Analysis System (CLAS).
